

News!!!! News!!!!!! Big News!!!!

We are so excited to tell you that Eleanor Burns is coming to Barn Door Quilt Shop!!

Carol was bored one day while recuperating from her knee replacement surgery. So she got on the phone, and called Quilt-In-a-Day, and invited Eleanor to come and visit us here in beautiful Door County WI. And, much to our amazement, Carol received a call a few days later stating that Eleanor would love to come to Door County!!

Eleanor and Sue Bouchard are coming September 22-24, 2011. She will be teaching 3 all day classes and give a "lecture" on Thursday the 22nd, at the Third Avenue Playhouse.

Without advertising, word-of-mouth information has spread far and wide. We will be able to accept 35 students in each one day class. We have been taking names of people interested in attending the class and today we topped 140 names. When registration information is available, we will send the first 105 names on the list, registration forms with a time limit for RSVP's. After that time, we will open registration to the others who have expressed interest. So if you haven't already done so, send us your contact information so we can include you in the fun!

There are 250 seats at the Playhouse and you can reserve tickets for the "lecture" as well. The cost of that is \$10.00.

We are also planning more fun activities for Eleanor's visit. We are going to have a display of quilts that you have made from Eleanor's patterns/books. So if you have made one or can make a new one, please let us know. We'd love to include your quilt in this tribute to Eleanor. We will keep you posted on further developments and activities. In the meantime, visit the Shop. We love to see you and your "Show and Tells".

Carol & Georgia

BOM

We are starting a new BOM that is called "Sandi's Schoolhouse" It is a club that teaches a new skill each month for 10 months. Have you taken a beginner class and a few other classes but still feel unsure about how to do some blocks? Well, this BOM is for you! Each month, a new skill is learned, from basic strip-piecing through other basic skills, and progresses on to more difficult skills like piecing diamonds, foundations, etc. None are terribly difficult and assistance is available any time at the Shop. You can get started anytime. Pattern is \$6.00. Kit is \$6.00 and goes for 10 months.

Come in the last Thursday each month to meet, great, share and learn.
